*Re: Group Training*

Dear Ron,

Thank you for the excellent training sessions enjoyed by the Customer Managers of Westpac Commercial Banking during the last month.

The effort & enthusiasm you showed during each of the sessions was contagious. Although a lot of the managers would come to work with sore muscles the following day, they were always smiling.

I know that the variety of activities we completed each week helped to greatly improve our levels of fitness & a number of people have been inspired to continue.

I have no hesitation or reservations in recommending the services of Fitness 4 U for both group sessions & individual work.

Once again, many many thanks,

Yours sincerely,

**Alistair McNee**  
Customer Manager
